

**Calhoun County Groundwater Conservation District  
Notice of Proposed Permit Issuance**

Notice is hereby given in accordance with Rule 12.2: NOTICE AND SCHEDULING RELATED TO HEARINGS AND PROPOSED PERMIT ISSUANCE of the Rules of the District that the Calhoun County Groundwater Conservation District proposes to issue a production permit authorizing the production of groundwater from a water well for non-exempt uses on May 31, 2024.

Mr. Chris Doolin for Seaport Lakes Water Systems seeks, under permitting request case PRC-20240422-01, a standard-capacity non-historic-use production permit authorizing the production of groundwater from a grandfathered well GW-00093 for public water supply uses at rates not to exceed 65 gallons per minute or 64.89 acre-feet per year. The subject well is located on a 129.78-acre tract of groundwater control, within the bounded service area of Certificate of Convenience and Necessity 13049, near the intersection of State Highway 185 and Gibb Blvd. in Calhoun County, Texas.

Any person who intends to contest a permit application must provide written notice of that intent to the District at 131-A N. Virginia St., Port Lavaca, Texas 77979 at least three calendar days prior to the proposed date of permit issuance as published in this public notice.
